Lounge Seating

DARRAN

Area

designed by
John Stafford / Chris Carter Design, LLC

Area is a flexible collection that encourages freedom of configuration with modular straight pieces and curved back wedge units. Pair these units with the wide selection of freestanding lounge options or modular veneer cube tables that offer magazine holders, flower vases, and storage units for a smart lobby solution that is impressive in design and functionality.

Fabric: Design Tex / Pivot — 3374-101 Powdered Sugar | Finish: Heritage Walnut | Other Products: Around Town Occasional

Area

Sweeping curvilinear shapes, sleek functional benches, and relaxing stylish lounge chairs create distinctive areas within a cohesive design.

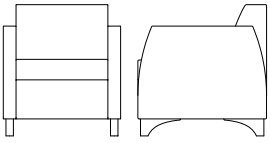

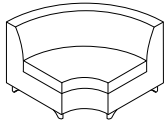

Outside and inside curved radius chairs are available in 90°, 45°, and 30° pieces. Combine units into flowing configurations or full circles enhanced by an optional top veneer insert. Beautiful curves continue in the single lounge chair's asymmetrical profile and signature aluminum leg which creates consistency throughout the entire collection.

Other Products: Rift Collection Credenza
