Rift

Designed By David Allan Pessa

“Rift was inspired by the linear grids, formats and silhouettes of the Seagram building in New York City which to me is the truest expression of the international style of modernism. The emphasis of Rift is on the honest and rational expression of materials and functionality.” – David Allan Pessa

Similar to the Seagram building design, the play on thick and thin is a distinguishing characteristic throughout the Rift collection. Rift takes its name from the rift cut tech grain that runs horizontally on all face planes. The tech grain, inset panels and monolithic cases create a modern, linear and minimalist aesthetic. Rift’s modern and functional design is a response to the evolving work styles of the multigenerational, multitasking workforce.

Sophisticated table desk with an optional integrated power lift accommodates stand-up work and collaboration.

Material rich platform with reconstituted veneer, steel plate bases, die-cast zinc pulls and feet in powder coat finishes.

Dado cut profiles create an inset drawer and door appearance for the perfect monolithic case minimizing visual breaks.

Credenza benches, with optional proprietary die-cast foot detail, accommodate filing, storage or mobile stools while adding another visual layer.

Freestanding Credenzas And Towers Available With Optional Die-Cast Zinc Legs.

Integrated Docking Stations For Laptops, PDA's, And Printers.

Tech Cabinet With Open CPU Storage And Pullout Printer Shelf.

Standard Drawer Locks And Optional Magnetic Marker Board Shown Above.

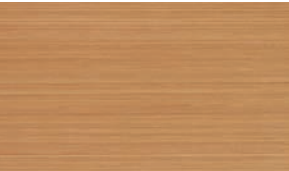

Hidden Box Pedestal Design Is Featured Throughout The Collection.

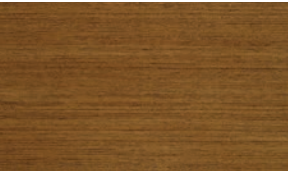

Finishes

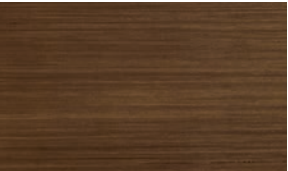

Baby's Cheek

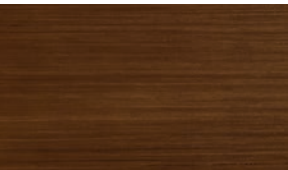

Nearly Naked

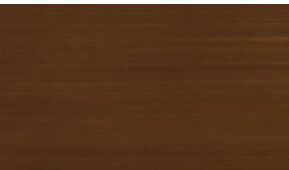

Fun Blonde

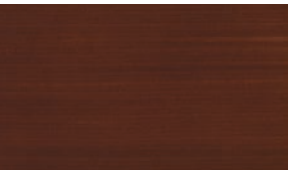

Organic Brown

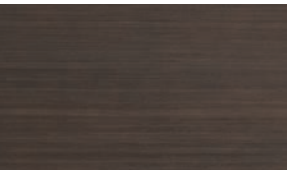

Brown Sugar

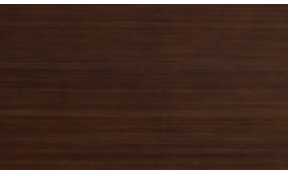

Kool Khaki

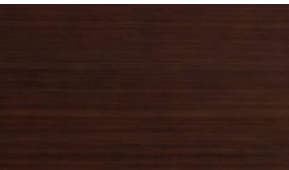

Aged Auburn

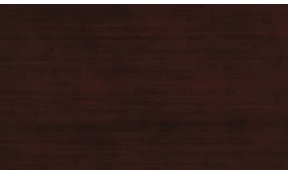

London Fog

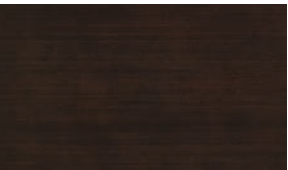

Luscious Lager

French Bordeaux

Bold Scarlet

Double Shot

Due to limitations in the printing process, finishes shown here may not match actual finishes exactly. See actual samples for accurate representations. Due to natural color variations in the grain and color of wood, there may be slight variations in color from one piece to another. Exposure to light and the aging process may also cause darkening of natural wood products. Due to these factors, DARRAN does not guarantee exact matches from item to item. Please Note: When ordering a light to clear finish, the natural characteristics and variations in the grain of the wood will be more apparent. When ordering a dark or medium finish the natural characteristics and variations in the grain of the wood will be more subdued providing a more uniform appearance.

Paint Option

Clean Sheets

Crosstown - Fieldstone

Groove - Froth

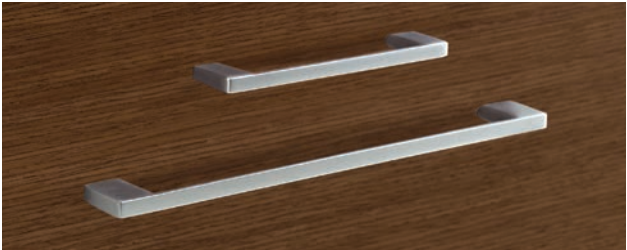

Tempest - Gold Rush
